How to access login and signup pages?

LOGIN

- Credentials for **Student** (case-sensitive. Everything is in lowercase)
 - Email – student
 - Password – student
- Credentials for **Staff** (case-sensitive. Everything is in lowercase)
 - Email – staff
 - Password – staff
- Credentials for **Admin** (case-sensitive. Everything is in lowercase)
 - Email – admin
 - Password – admin

SIGN UP/REGISTER

- The tag [mailto:](#) has been used in signup.html in-order to send a mail. The default mail has been set to edurandomacc@gmail.com. In the subject, it'll be given as Email Confirmation as default and in the body, the provided details will be given.

(NOTE : If any other text is given besides the mentioned credentials, the page will be automatically get redirected to guest homepage i.e mainhomepage.html)

Important Points to be noted

- For Guest, Student, Staff and Admin respected homepages have been created. For eg, If you click on Home in Student Homepage, then you'll be able to navigate all the pages related to Student
- In order to access the page properly, all the images have to be placed inside images folder and other html and css files must be placed within the same folder.
- Social Media, Contact Us and FAQ Icons have been imported from Font-Awesome website and have been placed in the footer
- Sign Out button is only placed in Student, Staff and Admin page. If clicked on it, The page gets redirected to guest homepage, i.e mainhomepage.html
- For login and Register, if clicked on Home and About, it'll redirected to Guest Homepage by default.
- I've provided 3 departments for sample – Computer Science, Aerospace Engineering and Information Systems.

(Note: In the place of mainhomepage.html, kindly give any of the file name to access it.)
